

## ARIZONA ROCKHOUND WEBSITE

Dear Members,

This email is to inform you of a major change to the Website. The General Information table for the trips has been changed. The table entry "TRIP TYPE" has been removed. Three new entries have been added:

### **Vehicle Type, Physical Ability, and Season.**

The **Vehicle Type** is the type of vehicle that is required to make the trip with the following possible entries:

**Any** – Any type of vehicle can make the trip.

**High Clearance** – A High Clearance vehicle such as a pickup truck is required for the trip.

**4X4** – A four wheel drive vehicle is required to make the trip.

**ATV** – An ATV or UTV is required for these trips. A short wheel base 4X4 and very experienced off-road skills could also make this trip.

The **Physical Ability** denotes the physical requirements of the people making the trip with the following possible entries:

**Easy** – The terrain is mostly flat and a limited amount of hiking is required to collect material.

**Moderate** – There are some small hills and/or a short hike is required to obtain the material.

**Strenuous** – There are steep hills and/or long hikes required to obtain the material.

The **Season** indicates the best months of the year for taking the specified trip.

The Trip Type Index has been removed. An index for Vehicle Type and Physical Ability have been added.

Please let me know if you find any broken links, misspelled words, or any other errors on the website.

I would also greatly appreciate any suggestions for improving the website.

Happy Rock Hunting,

Rock Dog
