

Great news! I have just added a new site near Holbrook that is fairly easy to get to and offers some nice petrified wood specimens. PLEASE NOTE THIS SITE IS ONLY OPEN WEEKENDS AND HOLIDAYS!!

The Woodruff Quarry site is used by the Navajo County Road Maintenance during the week and must not be visited then.

Other news of interest . . .

I was recently informed that the Mayer Onyx site now has a sign saying that the location is a claim. I would like to obtain a photo of the sign to investigate. I will plan a trip to this site in the near future.

Happy Rock Hunting,

Rock Dog
