

**March 4, 2019**

**Hello Members,**

**I recently added a new trip to an area near the Oklahoma Mine north of Florence, AZ.**

**The Season was shown as Apr to Nov and should have been Nov to Apr.**

**I have also updated the driving directions to indicate how to avoid the locked gate on Price Road.**

***DIRECTIONS:***

***Starting in the East valley take US 60 east to the Florence Junction and turn south on Highway 79. Travel about 18 miles to Price Road. Price Road is just past the railroad tracks just as you enter the Florence, AZ area. Take a left toward the east on Price Road. This is where the detail Waypoints start. There is an ATV staging about 1 mile on the right. Continue for .about another mile and you will see a sign saying right to Price Rd. If you continue on Price Rd at this point you will encounter a locked gate. Travel about 2.5 miles on this road to rejoin Price Road. Travel East on Price Road for about 3.3 miles and take a left turn heading north onto Sandman Road. Continue for about .75 miles and bear right at the fork in the road. Continue another 3.3 miles to another fork in the road. The right fork will take you to sites 1 and 2. The left fork leads to Site 3 and eventually the actual Oklahoma Mine.***
