Hello Members,

I have updated the following trips due to a detour on Price Road, after about 1.8 miles from Highway 79 you will encounter an intersection with four very large clay pots.

You must turn right here to avoid a locked gate. You will return to Price Road after about 2.5 miles. I also updated the Site Photo Albums and the Topographic maps for the following sites.

Box Canyon

Mineral Mountain

Amethyst

Oklahoma Mine

Happy Rock Hunting
Rock Dog
